TOWN DIRECTORY.

Mayor—F. H. W. Briggmann. Clerk—E. J. Oliveros. Treasurer—Wm. Willock.

The Rev. J. D. Browne, pastor of the Presbyterian Church here, gave notice at last Sabbath's evening service, with a desire that the notice be extended, that he would, at this Church, administer the rite of the Lord's Supper on that day two weeks, it being the first instead of, as is usual, the second Sabbath of the month.

We regret to announce the unexpected death on last Friday night, of Mr. W. Aiken Bull, a young married man of our town, who leaves a widow and child to mourn his untimely end.

The hammer and the saw are never at rest in the good town of Orangeburg. Since the Hook and Ladder have finished their new truck house, which is a fine two story building, containing a truck room and a fine store below, with the most spacious hall in town above, capable of seating six or eight hundred persons, very comfortably.

We hope soon to hear the click and clatter of the architect on the new street, and new establishments going up to beautify and utilize the town, and add to the population.

The thing, preeminently, of the day in our town is Meroney's omnibus, which is large enough to hold a brass band, instruments and all, as it did last Saturday. We have no reason to suppose that it is any larger than the Charleston omnibus we saw years ago, and which so filled us with wonder and admiration, except that being the first omnibus to bring a band through our streets, and probably the first full band that ever rode through them, come to titillate with brazen notes the first Radical split in our town.

About ten days ago, we, for the first time, had occasion to walk the entire length of our new street, and we do not hesitate to say that having carried this point of opening so fine and eligible a street in so serviceable a locality, is a work of public interest, which should long, long, mark the rule of our good Mayor and his earnest Board of Aldermen.

The one ever present damper to our enthusiasm for the deeds of our good Mayor and his Council, are, the hogs. The hogs! The hogs!! They are almost as bad as Radicals on a riot.

RHEUMATISM and NEURALGIA. In all arthritic complaints, as rheumatism, gout, neuralgia, etc., this practice is almost perfect. The most intense pains are almost instantly relieved—enormous swellings are reduced—limbs which have been contracted and stiff for years are relaxed. Cases of twenty, thirty and forty years' standing have been cured by me, after all other means have failed.

A great accomplishment in my treatment, a cure, by which I can often, in a few moments, soothe and carry off the most excruciating sufferings. If this system did nothing more than to relieve pain, it would stand superior to any other system extant.

CATARRH. Stopped-up Head, Running of the Nose, constant hawking and spitting, constant Blowing of the Nose.

Thousands suffer from that most annoying disagreeable complaint—Catarrh, without knowing what it is. Often the secreted mucus flowing down the throat clogs up the lungs and lays the foundation for consumption.

The most skillful physicians fail to cure it. I cure any case of obstruction—stopped-up head—discharges of greenish, thick, thin or glairy mucus from the nose, internal or external—pain or fullness between the eyes—constant blowing of the nose—inflammation of the nasal passages, ulceration of Schneiderian membrane, etc., in the course of a few days.

DEAFNESS. Nervous Deafness, Noises in the Head, Otorrhea—Ordnig (discharge from Ear); Paralysis of Auditory Nerve.

I am daily treating all affections of the ear with the most gratifying results. Some who had paid aurists nearly \$1,000 without benefit, have been cured by me in a few weeks at moderate expense.

MERCURIAL DISEASES. Mercury, injudiciously used, has filled the earth with wrecks of humanity. Thousands suffer from its effects who have been unconsciously drugged by their physician. It is vain to attempt the cure of the majority of diseases while it remains in the body.

Although I have heard of several so-called antidotes for mercury in the human body, I have never yet seen a physician who could eliminate it from the system. I can satisfy any patient or physician that I can absolutely extract mercury, lead, zinc, and other mineral poisons, in every case.

CANCERS. Noli-mu-Tangere, Lupine, or Wolf Cancers; Scirrhus Cancer—Fungous Cancer, Rose Cancer—Spider Cancer.

I make a great specialty in the treatment of every description of cancer and tumors. How many cancers and tumors are wrongfully treated by certain Charlatans styling themselves "Cancer Doctors."

After being pronounced incurable, I will take any one of these cases in hand and make a permanent cure. My terms for treating cancers, etc., will be based on the age and condition of the patient, and the positive certainty of cure.

THE SINGER STILL TRIUMPHANT! NEW FAMILY SINGER SEWING MACHINE.

WITH ATTACHMENTS FOR ALL KINDS OF WORK. This fast winning favor in the household, is shown by the rapidly increasing sales.

This NEW FAMILY SEWING MACHINE is capable of a range and variety of work such as was once thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, and smoothly running of all the Family Sewing Machines.

It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the interlocked-elastic-stitch, alike on both sides of the fabric sewn. This heavier cloth, or leather may be sewn with great strength and uniformity of stitch; and, in a moment, this willing and never wearying instrument may be adjusted for fine work or gauze or gossamer fabric, or the tucking of tricot, or ruffling, or almost any other work which delicate fingers have been known to perform.

At the world's fair it received the great award of the highest sales!

THEY ARE WARRANTED ENTIRELY VEGETABLE.

They contain no arsenic or poisonous ingredients of any kind—nothing in the least degree injurious to the system under any circumstances—and may be administered with perfect safety to an infant.

They never fail to cure the most obstinate case when taken as directed.

They cure immediately. In no case will the patient have more than one chill after the first dose, and in the majority of cases not even that.

They accomplish the work by destroying the cause of disease, which no other remedy pretends to do.

They are an effectual preventive, neutralizing the malarious poison in the system, and thus averting its consequences.

They are warranted in every instance. If they do not cure the money will be refunded.
